

BOTANY 2004

July 31st - August 5th, 2004
Snowbird, Utah

**Special
Invitation for
K-12
Teachers**

**Botany 2004 is the annual meeting of four professional societies:
Botanical Society of America (BSA), American Fern Society (AFS), American Bryological and Lichenological Society (ABLS), American Society of Plant Taxonomists (ASPT)**

Presenting the 3rd Annual Educational Forum

You are invited and encouraged to attend and participate in the Botany 2004 conference and 3rd Annual Educational Forum.
First 25 K-12 Teachers to register can attend the Saturday Forum and Sunday workshop, Building the Tree of Life, FREE

The Forum will begin on Friday evening July 30th with early registration and a reception. The main Forum sessions will occur on Saturday, July 31st. Although some informational sessions will be included, the program will primarily include interactive panel and roundtable discussions as well as breakout groups focusing on a range of topics concerning botanical education and related outreach.

As a K-12 Educator you are invited to join us at beautiful Snowbird

Six general themes span the entire Forum including: "Emphasizing Botany across the Curriculum," Designing Investigative Laboratories, "Engaging Undergraduates in Research," "Developing Effective Teaching and Mentoring Skills," "Supporting Effective Teaching and Learning," and "Reaching Out beyond the Ivory Towers." The final program will be announced on the meeting website....www.botanyconference.org.

"Just when you thought it was safe to teach evolution...."
